## INCENTIVES

- » **Kentucky Business Investment Program (KBI)** – Recoup 100% of startup cost by creating at least 10 jobs and investing at least \$100,000. Companies recover funds through payroll cash rebates and corporate tax rebates.
- » **TVA Incentives Programs** – Aggressive rate structures, low-interest loans, and existing business programs help companies attain some of the least expensive and most reliable electricity in the world.
- » **Community and Area Development District Loans** – Various pools of low-interest loans for startups, expansions, and new locations for business.
- » **Training dollars** available to train your workforce.
- » **Payroll and Property Tax Abatements** available based on job creation and investment.
